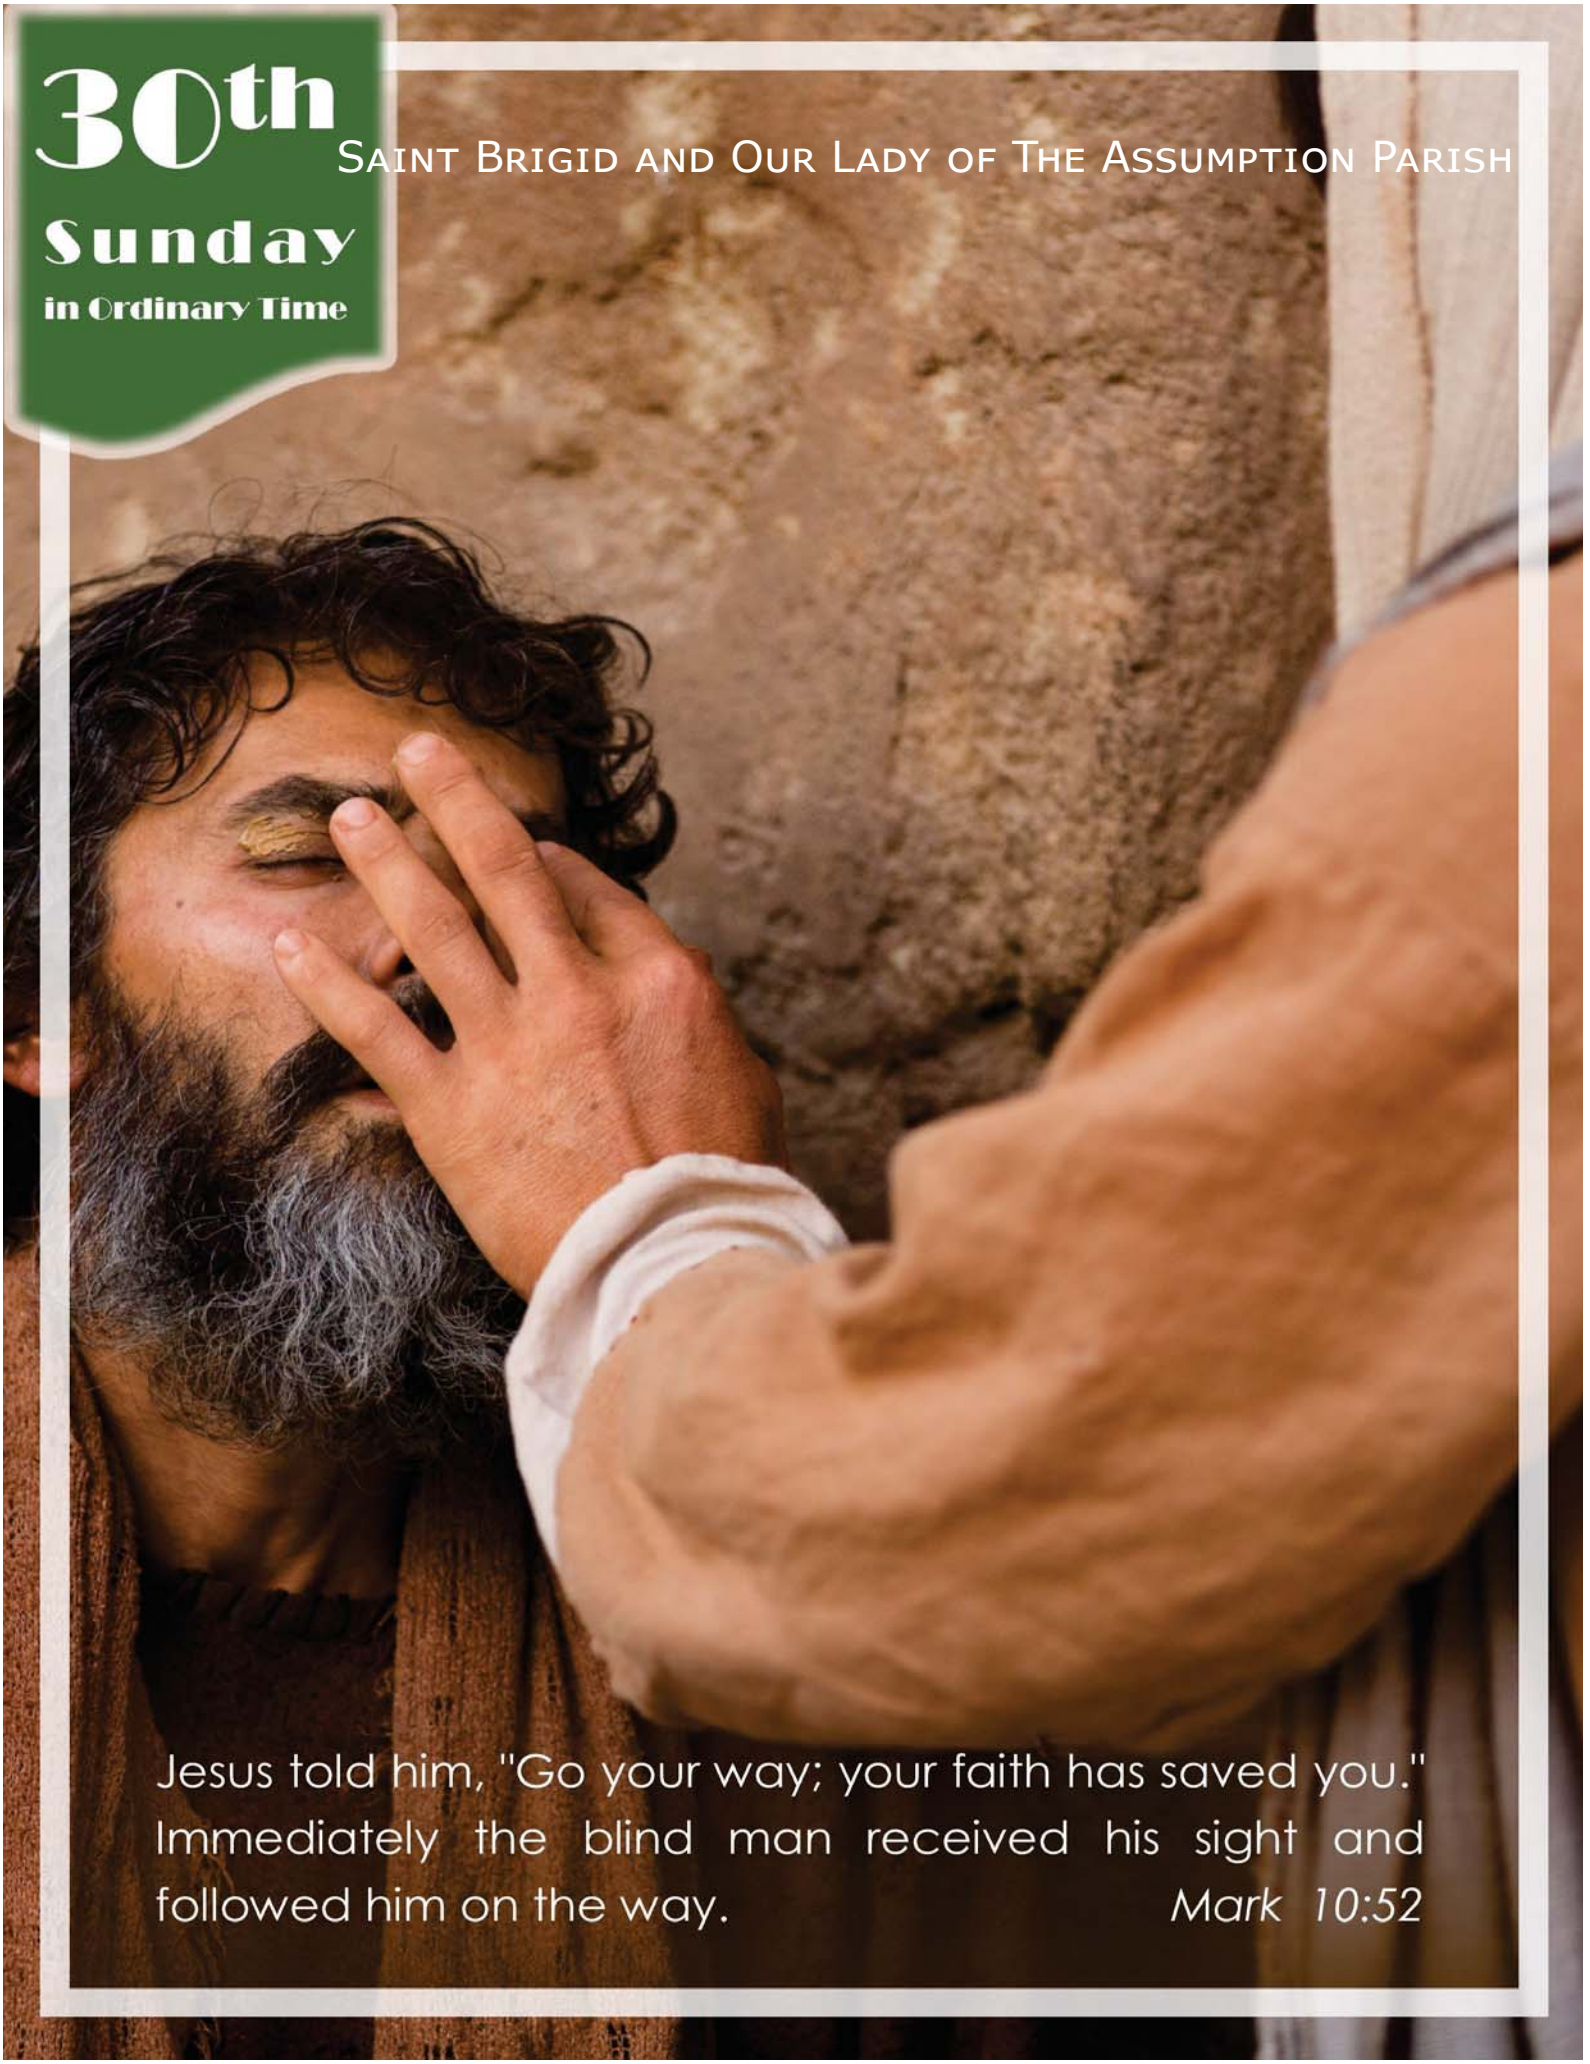
30th Sunday in Ordinary Time

Saint Brigid and Our Lady of The Assumption Parish



Jesus told him, "Go your way; your faith has saved you." Immediately the blind man received his sight and followed him on the way.

Mark 10:52

Grades 5 & 6 - Oct 27, 6:30-7:30PM
Grades 7 & 8 - Nov 3, 6:30-7:30PM
Grades 9 & 10 - Oct. 27 6:30-7:45PM

No Classes Veterans Day Weekend

to walk as ONE

30th Sunday in Ordinary Time

Sarah was a very unhappy little girl. She complained to her mother that she was powerless and that no one paid any attention to her. She might as well just run away because no one would notice. Her mother listened patiently and then asked Sarah if she really wanted to change her world and make a difference. "Yes!" Sarah said, with a great deal of enthusiasm. "Good!" replied her mother. "Go tell your sister you're sorry for the argument you had this morning!"

God does not share His love with just the rich and famous. Everyone is given a share of the Holy Spirit who gives us the ability to change our world. We may have visions of grandeur and seek acclaim for the wonders we perform. But to the people who love us, all the glory in the world means nothing. They love us just as we are. Everything we say and do makes a world of difference to them.

Forgiveness is powerful. In a single moment, we can lift someone's guilt, restore and renew a relationship, and recognize that everyone makes mistakes. When we are forgiven, we feel the weight of the world lifting off our shoulders. Things are right again and we can move forward, learning a valuable lesson about virtue, grace and love. It may be a small step, but it goes a long way in making a difference in our lives and in the lives of those we love.

"The more Eucharist we receive, the more we will become like Jesus, so that on earth we will have a foretaste of heaven."
--Blessed Carlo Acutis

Who is Blessed Carlo Acutis, you may ask. He was born May 3, 1991 to Italian parents. He attended local schools in Milan and then a Jesuit high school. He was devoted to Our Lady from a young age, and made the effort to recite the rosary daily, and after his First Communion he made efforts to receive the Eucharist daily and attending confession weekly. He died at the early age of 15 in 2006 of leukemia.

He was so interested in the Eucharist that he started on a project at the age of 11 cataloguing all Eucharistic miracles of the world. He created a website and researched over 136 Eucharistic miracles that occurred over the centuries in many different countries around the world. He collected them and created a virtual museum website.

"Computer Geek" takes him one step closer to sainthood. A very special young man who surely had a special compassion for the Eucharist. Keep Blessed Carlo Acutis in your mind and in your prays every time you receive the Eucharist for his canonization. The simple holiness of this teenager remains an inspiration to young and old, highlighting the truth that anyone can achieve holiness, no matter their state in life. Amen!

May God's peace be with you all,
The Knights of Bishop Flanagan Council 12710

Vote NO on Question 4: Legalizing Psychedelic Drugs

This Initiative Petition "...is Reckless, Irresponsible and Dangerous to the Public."[1]

Stop Big Money's National Rollout of Recreational Drugs…Now Targeting MA Citizens

In Nov., MA voters decide on Q4: *Limited Legalization & Regulation of Certain Natural Psychedelic Substances* [2]

Be Aware of the Deceptive Drug Legalization Playbook: Medical → Recreational → Commercial

This profit-driven initiative petition is backed by Big Money, wealthy elites, and corporate donors–not grassroots interests. Washington DC-based New Approach PAC has invested over $26 million to legalize recreational drugs in strategic, coordinated nationwide campaigns over the past decade, including $8 million in funding targeting Massachusetts voters. [3], [4], [5], [6], [7]

Oregon and Colorado led the way in legalizing medical marijuana, followed by recreational marijuana. Massachusetts then followed suit. The same playbook is now being used for psychedelics. The New Approach PAC that funded the efforts to legalize psychedelics in Oregon (2020) & Colorado (2022), citing medical use, is now trying to legalize psychedelics in Massachusetts, raising over $4 million for this campaign. [3]

"Clinical treatments should be determined by scientific evidence…not by ballot initiatives or popular opinion."
– The American Psychiatric Association [8]

If Question 4 Passes

- It will legalize the use of 5 psychedelic drugs: psilocybin, psilocyn, dimethyltryptamine, mescaline, and ibogaine. [2]
- It will legalize for-profit psychedelic facilities with no ability for towns to ban these facilities. [2]
- It will allow psychedelics to be grown at home and given away to others (effectively creating a black market). [2]

Why You Should Vote NO

1. Experts Sound the Alarm

- **Massachusetts Psychiatric Society** President and President-Elect testified before the Special Joint Committee (MA Legislature) that this psychedelic initiative petition "…is reckless, irresponsible, and dangerous to the public." [1]
- **Massachusetts Medical Society** "[These drugs] have been documented to cause psychosis (both new-onset psychosis and exacerbation of psychotic symptoms), mania, and new-onset mania in persons with no previous history of bipolar disorder, and mental health symptoms that may be long-lasting after ingestion." [9]
- **Majority Report of the Special Joint Committee on Initiative Petitions (MA Legislature)** concluded, "These promising findings, however, have not provided evidence that the wide scale recreational legalization of these substances would be beneficial, let alone safe." They do not support this initiative petition at this time. [1]
- **Journal of Psychopharmacology article** notes psychedelic studies "are limited by biases & small sample sizes." [10]
- **American Psychiatric Association** stresses "There is currently inadequate scientific evidence for endorsing the use of psychedelics to treat any psychiatric disorder except within the context of approved investigational studies." [8]

2. Mental Health and Public Safety Risks

- Legalization reduces perception of harm and increases youth drug use. [11]
- Psychedelics can alter perception of reality and can cause extreme feelings of euphoria or despair. [12], [13], [14]
- Psychedelics can worsen or intensify mental health issues, particularly for people with certain pre-existing mental health conditions, including schizophrenia and bipolar disorder. [9]
- The petition includes:
  - NO requirement for licensed facilitators to be mental health professionals or for facilities to be medical clinics. [2] [9]
  - NO requirement for a mental health professional to provide patient counseling, support, or accompaniment during attempts to therapeutically employ psychedelics for psychiatric conditions, something that preliminary studies have indicated may be critical if such medical use is ever to be helpful. [2], [9]
  - NO requirement for medical screening or supervised use for home-grown users. [2]
- Legalization creates new public safety concerns around impairment while driving or operating heavy machinery. [12]

Only professionally licensed medical or mental health facilities, under the strict supervision of a physician, should be able to engage in medical or experimental use of psychedelics.
